July 24, 2017

Hello MTS Elementary Families,

Thank you for choosing MTS Elementary as your elementary school. My name is Sue Dornfeld, and I am the new principal of MTS Elementary. I feel privileged and appreciative that you have placed your trust in our school. It is an honor to have the opportunity to help educate and prepare our marvelous MTS students for the challenges of the 21st century.

I officially began my position as Principal on July 1, 2017. Prior to that date and throughout the summer, I have been busy preparing for students. Hiring new staff, getting to know returning staff, familiarizing myself with the building, reviewing data, studying curriculum and evaluating our resources are a few of the things I have focused on over the summer.

Prior to coming to MTS Elementary, the majority of my career was spent in the Minneapolis Public School District. During my time there, I taught kindergarten, fifth-grade and a self-contained level three program for students in grades third through fifth. Since leaving the classroom, I have worked as a Math Specialist, an Administrative Teacher on Special Assignment and as an Assistant Principal. Additionally, I taught Special Education at New Visions Charter School and first grade at Oxbow Elementary in the Anoka Hennepin School District. Each of these experiences have helped to lead me to my new role as Principal of MTS Elementary.

I am anxious to meet and partner with each of you as we go through our first year together. Many exciting changes are on their way! We have several new staff, new curriculum resources for math and literacy and a new food service.

School will begin promptly at 7:30 am on Monday, August 28, 2017, and we all are SO looking forward to the excitement and challenges of the new school year!

Warm Regards,

Sue Dornfeld

Suzette L. Dornfeld

Principal

MTS Elementary is a member of MTCS | K-12 Academic Community
