COME SHARE GREAT HISTORY IN COMMUNITY

MTCS students and staff created a month-long study and celebration of the important impact of black lives in our history, arts, culture, education and living. In the classrooms this comes to life in special art projects, music, poetry, inspiring words, study projects and other expressions. Please join us at MTS Secondary School and celebrate the many ways black lives have transformed our culture and history at our special event on Friday, February 23, from noon to 3:30 and be inspired by what is possible. Special speakers are Lonte Hill and Brigette Wiley.
