New Mission Statement!

Last year, staff spent several hours brainstorming and discussing our mission, and this is the new mission statement we agreed on:

To provide learning experiences with high expectations that support academic growth and enhance individual character in partnership with students, families, and community within a supportive, safe and stable environment.

We would love to hear your thoughts and feedback on it!

Questions, comments, or concerns? There is coffee, hot chocolate and a feedback box for parents/families in the office!

Staff Spotlight

Ms. Megan

Social Worker

Hello all of MTS

Elementary! My name is Megan Lexen

and I have the opportunity to be your

school social worker this year. This will

be my first year as a full-time elementary social worker here

at MTS. I was here part time last year as an intern, and I

loved it so much I wanted to stay permanently. I grew-up in

a small town in Wisconsin and moved to the Twin Cities

area to attend college. I now live with my husband of one

year and my fish. For college I attended Bethel University

and graduated in May of 2019 with a degree in both Social

Work and Reconciliation Studies. Some of my favorite

things to do is being outdoors and eating ice-cream.

One of the things that drew me to MTS was the restorative

practice value. I truly believe that by implementing

restorative practices into our school it will benefit the

students, staff, and families for both the short-term and

long-term. I love talking with parents and anyone is more

than willing to reach out to me with any questions of

concerns that they may have. My phone number is

612-729-9140 EXT. 5136, and my email is:

mlexen@emailmtcs.org
