

Please join us for our first virtual

# MTSE Community Gathering

Tuesday – October 27<sup>th</sup>

4:30-6:00

meeting link: <https://zoom.us/j/91027731496>

We will spend this time together sharing our thoughts and ideas to help ensure that MTS Elementary is a safe and secure environment for everyone.

This gathering will include an overview of what we are doing on site and breakout sessions to hear what our families and students need.

## breakout questions:

- Your Voices Matter. We hear, see, and value you. How might you envision MTSE continuing to make this happen for students, families, staff, and community?
- Ensure Safe and Supportive School Climate. What are some ideas that could provide continued feelings of safety and support at MTSE?
- We are a healing space for our community. How might MTSE support students', families', staff and communities' healing during this time?
- Foster future MTSE community leaders. What might be your vision for our community? What could we offer to ensure your student is a leader in this community?
