

Native American Heritage Month

We are stronger in our diversity

Celebrate

RICH CONTRIBUTIONS OF NATIVE PEOPLE

Understanding the connections and contributions of Native Americans is a vital part of understanding our life here in Minnesota. When we raise awareness of tribes, learn about and preserve Native languages, cultures and history, we can see and appreciate how we are all part of this beautiful country and how each of our stories matter.

This month we particularly celebrate our Native community.

Engage & Listen

November 19
5:30pm

AMERICAN INDIAN EDUCATION KICK-OFF

MTCS received a grant and is working with parents and students around the state to create a strong American Indian Education program to offer strong academic supports to increase student success and graduation.

MTCS is building an advisory group, and listening to families and students. Join us for chili and fry bread and share ideas, **November 19th at 5:30** at MTCS District office, 2872 26th Ave., S, Minneapolis. For more information, call or email Jamie Barton, 612-268-5403, jbarton@mnca.connectionsacademy.org.

Sharing experiences

COMMUNITY OPPORTUNITIES

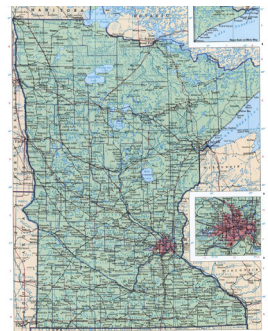

As we celebrate Native American Heritage month, and the history and traditions found in our Native community, you may want to explore some of these activities and resources (some available for the next several months):

<https://www.minneapolis.org/calendar/holidays/native-american-heritage-month/>

EVENTS INCLUDE:

- Drumming and Dancing at the Minneapolis American Indian Center
- Art and story telling at the Minneapolis Institute of Art
- Native American Exhibit at the Science Museum
- Visit the Minnesota Historical Society for museums and highlights around the state

Personalized Learning State-wide

MTCS EDUCATION MEETING STUDENT NEEDS

As the largest Charter organization in the state, MTCS creates a niche for every learner, making programs to meet individual student needs.

Online and blended programs, full and part-time, is how we have been able to offer so many options for students to go to school on their own terms--ANYTIME and ANYWHERE--it works for them, with strong, personal support. It is a powerful thing. Learn more about MTCS online programs statewide, or Minneapolis based K-12 in school settings, including a Recovery High School.
