Week I	<b>Food is not just about eating for Energy; It's something to Experience</b>	<b>Fresh Hot Delivered Pizza</b>
Hot Meal	If you know how to cut a whole chicken into pieces, you can make 'Seco de pollo' in just a few steps! This traditional family recipe has been in the family for decades and inherited by young generations, inspiring what to cook on the fly, when you have guests unexpected. My short personal experience:  One day, I had my significant other over for dinner and my menu for that day was shrimp ceviche (another typical delicious dish). I had everything ready and was ready to serve when she arrives. My luck (or the opposite), I totally forgot that my then roommate was allergic to shrimp even by the smell. My roommate was out that morning and I remembered this allergy only after he reached home. Immediately, I got so nervous not knowing what to do for plan B because she was on her way already! What could I cook on the fly? And this recipe flashed in my mind. Right away I asked my roommate, "Do you have chicken?". Luckily, he did! I was thinking to myself "No matter how it turns out it, I am cooking it!". I started cutting the whole chicken into pieces, shaking and nervous! By the time she got home I had the rice going and the chicken in process, but I was so nervous because I told her that the dinner was ready and to not be late, lol! Somehow, I did it fast and she just waited 15 minutes while she was watching me cooking nervous! I still remember those intense moments, as if it was just yesterday but that was a great plan B!
